Newcastle Shoppers Drug Mart
March 2011

Gay Company Limited literally brought this site from a pile of rubble to the tremendous building which stands today.

I offer my praise and thanks to the Gay Company Limited Team for their efforts.

Gay Company Limited treated all involved in this project with a degree of professionalism often forgotten. They provided an above industry standard of representation of their client, meanwhile maintaining the aggressive time restraints of the construction schedule.

Thanks again for your tremendous efforts!
